ABOUT ME

Enthusiastic Final-year engineering student passionate about Data Science, Artificial Intelligence, and Machine Learning. Skilled in Python and data analytics, with a keen interest in solving real-world problems using AI-driven insights. Constantly exploring new technologies to enhance learning and innovation.

EDUCATION

B.Tech / Artificial Intellegence and Data Science

Sep 2023 - Present

Jeppiaar Institute of technology,
Chennai, Tamil nadu

CGPA (upto 6th sem) : 7.94

HSC

Jun 2022 - Apr 2023

Government boys higher secondary school,
Guduvanchery, Nandhivaram, Tamil nadu

Percentage : 78.16%

WORK EXPERIENCE

DATA SCIENCE INTERN - ONEYES INFOTECH SOLUTIONS, CHENNAI

NOV - DEC 2025

Executed data cleaning and pre-processing to ensure data integrity, followed by detailed exploratory analysis to uncover key trends. Supported analytical projects by preparing high quality datasets and delivering actionable insights.

AI & DATA ANALYST INTERN - CONCERN INFOTECH, CHENNAI

FEB - APRIL 2026

Completed a stipend-based AI & Data Analytics Internship, developing dashboards, implementing search features, building chatbots, and integrating APIs to create data-driven and intelligent applications

PROJECTS

FakeSocial Media Account Detection Platform

Developed a Fake Social Media Account Detection Platform using machine learning and graph analytics. Detected fake and bot accounts through behavioral analysis and network graph visualization across social media platforms.

Social media sentiment analysis for product reviews

Developed an NLP-based sentiment analysis model to classify product reviews and extract key user insights, helping assess product performance and customer satisfaction.

Collaborative Skill Swap Platform

Developed a Collaborative Skill Swap Platform that enables peer-to-peer skill exchange, connecting users to learn and teach through a collaborative learning environment.

Personal portfolio website

Designed and deployed a responsive portfolio website using HTML, CSS, and NextJS to showcase projects and skills, with a modern mobile-friendly UI and optimized performance for a smooth user experience.
